

UNIVERSITY OF
PORTSMOUTH

TOP 3 TIPS FOR CLEARING

Keep this handy call sheet to hand so you have all of your details in one place.

STEP ONE - WHO TO GET IN TOUCH WITH

Do your research – see which universities offer the course you are looking to study. Write down the name of the university, the number or live chat web address and the exact course name. This will make it easier for you to contact them.

STEP THREE - ACCEPT YOUR OFFER

Once you have been offered a place, the university will give you a course code to add to your UCAS Track account. Write it below so you can remember the code for each course you have reserved a place for. You can hold offers for different universities as your place is only confirmed once you update UCAS Track – so make sure you decide on the right university and course for you.
